**BAE Systems honors Microphase Corporation, a Gresham Worldwide company, with a 'Partner 2 Win' Supplier of the Year award**

**Scottsdale, AZ – April 6, 2023** – Gresham Worldwide today announced its subsidiary, Microphase Corporation, earned a 'Partner 2 Win' Supplier of the Year Award today from BAE Systems at a ceremony in Austin Texas. Microphase was selected for this award from a pool of suppliers that delivered exceptional performance and contributions to supply chain success for BAE Systems, Inc.'s Electronic Systems sector.

“Microphase has partnered with BAE Systems on demanding, high profile defense programs for many years and greatly appreciates this recognition of the commitment to quality and hard work that our team has demonstrated,” said Timothy V. Long, Microphase Chief Executive Officer. “We look forward to continuing and expanding our working relationship with BAE Systems in protecting our armed forces and securing a peaceful future for our nation.”

BAE Systems' Partner 2 Win program is designed to achieve operational excellence and eliminate defects in its supply chain by raising the bar of performance expectations to meet the demand of current and future customers. As part of the program, BAE Systems meets regularly with its [suppliers](#) to transfer best practices to ensure that the components and materials that compose BAE Systems products meet the highest quality standards.

“The contributions of our top suppliers made an invaluable difference,” said Kiran Dubey, vice president of Supply Chain for BAE Systems' Electronic Systems sector. “They enabled us to design, build, and deliver mission critical products and solutions for our customers around the globe.”

**About BAE Systems**

BAE Systems, Inc. and its 34,000 people are part of a global defense, aerospace and security company with 89,600 employees worldwide. We deliver products and services for air, land, sea and space, as well as advanced electronics, intelligence, security, and IT solutions and support services. Our dedication shows in everything we design, produce and deliver— to protect those who protect us in a high-performance, innovative culture. We push the limits of possibility to provide a critical advantage to our customers where it counts.

**About Microphase Corporation, a Gresham Worldwide company.** Microphase Corporation designs, engineers and manufactures RF, microwave and millimeter wave devices, components and subsystems known for high performance and ultra-high reliability for mission critical applications in the defense industry.
